

CITY GOVERNMENT in Campbell has undergone many changes since the city was incorporated in 1952.

That's a rather obvious conclusion. But it leads up to the fact that there is only one city employee today who was on the city payroll in 1952.

CITY CLERK DOROTHY TREVETHAN is that person.

The work of the city clerk today in a city that has increased almost three times in the last 14 years is far more complex than in the days when it was just getting off the ground.

And let's clue you in.

There were times in those early days when one could have given odds (with no takers) that Campbell would not make it as a city.

Those were the days before there was any city sales tax.

The property assessment roles then were infinitesimal compared to today.

And San Jose was biting at the fringes.

And all in all it was a struggle.

-0-

BUT CAMPBELL survived.

Even the most cynic observer will admit that the city today is fiscally sound and on the edge of its greatest era with its potential barely scratched.

We think Dorothy Trevethan deserves a great deal of credit for "growing" in her job along with the expansion of the city. Too often people just can't keep up, through no fault of their own, and are sort of passed by.

But not Dorothy. If anything she has gained in stature and efficiency.

We thought we ought to pay tribute to Dorothy in this column this week because in the past we have been gypping her out of one year of city service.

When she was recently reelected for the fourth consecutive time, we reported that she had joined the city staff in 1953.

She's been at her desk in the city hall since 1952.

-0-

INCIDENTALLY, former MAYOR JOHN CHARGIN, who served on the City Council from 1954-60, has told us that we had not given him proper credit either in the reports of councilmen who had been reelected to office in the last decade.

We reported that in the last 10 years Councilmen RALPH DOETSCH, ED ROGERS and CHARLES ROSE had been elected to two terms on the council.

We erred in our research. Chargin, we mentioned, had been originally appointed to the council from the Planning Commission.

Not so.

Chargin was not appointed. He ran for council seat.

So add his name to that select group of

## Council tackles budget

Campbell's City Council on Monday accepted the preliminary city budget of $1,891,634 from City Manager Bob Stephens and then scheduled a grueling series of budget sessions at which the bulky, three-phase document will be examined in detail.

The final budget is expected to be adopted at the June 27 council meeting.

The budget session set for next Monday, June 20, at 7 p.m. is expected to attract the most interest from civic groups. The council will meet in the engineering building on Third St. because of the Planning Commission meeting in the council chambers.

At this session the council will delve into the proposed capital improvement projects, parks and public works outlays and governmental buildings and non-departmental items.

The council on Tuesday afternoon took up the operating budget and this Saturday at 9 a.m. will discuss the revenue budget.

The Saturday sessions are also expected to attract the attention of city employees for the classification and pay plan and recommendations for additional city employees will be under scrutiny.

The city manager has recommended an average adjustment of 4.3% for city employees'

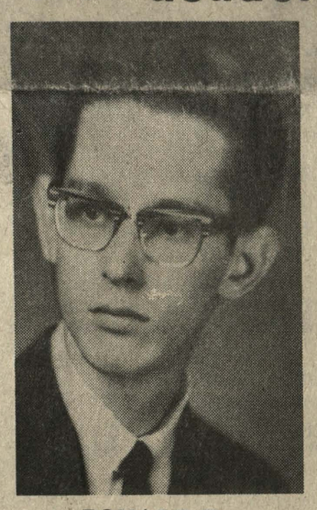
## Two CHS grads of 1962 win academic honors



DONALD D. CHAMBERLIN

GERALD R. CUNHA

Two members of Campbell High graduating class of 1962, Gerald R. Cunha and Donald D. Chamberlin, have been awarded graduate fellowships to the University of Chicago and Stanford University, respectively.

Cunha was graduated last week from the University of Santa Clara and Chamberlin from Harvey Mudd College.

Last year, another member of the same CHS class of 1962, Kurt Ritter, was awarded a fellowship to Indiana University after completing his undergraduate work of Claremont Men's College in three years.

Chamberlin, son of Mr. and Mrs. Dean Chamberlin, 103 N. Carlyn Ave., Campbell, was valedictorian of his class at the eighth annual commencement exercises of Harvey Mudd College held June 5 when 53 seniors received degrees. An engineering major, Chamberlin received his degree with "honors and distinction".

He will attend Stanford University graduate school for two years as a National Science Fellow in electrical engineering. During the summer he will be employed by Lockheed Computer Sciences in Palo Alto.

Cunha, a senior biology major at the University of Santa Clara, received a $3500 renewable fellowship for study next year at the University of Chicago.

He will work toward a Ph.D. in embryology in the anatomy department, with a tentative future goal of combining research with college teaching.

Cunha, 21, received a bachelor of science degree in biology from Santa Clara at commencement on June 11. At SCU, he has been a member and officer of the Red Hat Pep Band for four years.

He is the son of Mr. and Mrs. Lawrence R. Cunha, 620 Kenneth Ave., Campbell.

## District to vote to keep tax rate

Trustees of the Campbell Union (elementary) School District at their last meeting held the line on teacher salaries for the next year and called for an election on Sept. 20 for voter approval to maintain the present $2.55 per $100 assessed valuation tax rate.

The election will be an extension of the present rate which has been in effect for almost five years and will run out on June 30, 1967.

The board after lengthy discussions and study of the present salary schedules, decided to keep the minimum and maximum salary standards at the present rate ($5550 to $11,100).

The school district tax rate will probably have to go to the $2.55 rate this year (It has been $2.23), the board learned in pre-budget discussions, because there has been a leveling off in assessed valuation in the district because of a decrease in construction activity.

There also has been less growth in the district than previously which will reduce the financial aid based on the average daily attendance rate by the state.

## When chips are down

Several months ago the Parks and Recreation Commission conducted a survey of the residents of Campbell to determine how the citizens felt about parks and recreation within the city limits.

Naturally most people seem to want parks and recreation. That the tabulation of the survey indicated an overwhelmingly majority favoring parks and recreation was no surprise. The ratio was about 9 to 1 (974 to 96).

We were surprised to learn that there were almost 100 people who did not want any such program.

The survey explained that the City of Campbell's present park system consisted of three areas: (1) Campbell Park, 2.27 acres; (2) Virginia Ave. Tot Lot, .7510 acres and (3) Rincon Park (undeveloped), 7.5 acres.

The answers of the 1,200 replying showed that 724 were familiar with the existing parks, but 377 were not.

A large majority of the 1,200 (894 to 110) indicated that they would be willing to support financially a parks and recreation program in Campbell including land acquisition, development and maintenance.

A bond issue was preferred (769) to increase in taxes (88) for the financing of the program.

We felt that those two questions pertaining to the financing of the program were most important and enlightening.

It clearly showed that, if such a program was to be developed, the people realized that someone would have to pay for it. Such things just don't grow on trees.

That is a healthy sign. City officials have indicated that a general obligation bond issue must soon be presented to the voters within the city limits in order to finance the city's capital improvement program. Parks and recreation will be an integral part of such a bond issue.

It has become increasingly obvious to those conducting the fiscal affairs of the city, that any pay-as-you-go plan for capital improvements could not possibly accomplish the necessary objectives.

We have long claimed that a bond issue is the only fair way to obtain the improvements. It spreads the financial burden over the years with those who will use the facilities in the future helping to pay for them.

Capital improvements, such as parks and recreation facilities, fire stations and the like, are not constructed merely for the people who live in the city today.

In the past the city has been able to acquire some property and to improve that property on a very minor scale, simply by using general funds for those purposes.

This is a long drawn out process at its best and, in addition, it eliminates the city from building up a cash reserve of any appreciable amount.

That is not a good fiscal practice for any municipality or for any business for that matter. We admit, of course, that some private businesses don't worry about reserves, just getting by is enough.

Although a city should be operated in the same basic manner as any other business, there are some major differences. The inherent responsibility to the people that a city government has is lacking in private business.

A city government is responsible to all its citizens and taxpayers.

That means, in effect, that any overall improvement program for a city must be fair to all, not just one segment of the population or just one area within the city limits. And the program must also take the future into consideration. It cannot only deal with the present.

Thus a general obligation bond issue specifying the capital improvements that are necessary to make a better city for all of us to live and work in would give the citizens a voice in what they want their city to be.

Administrators of any municipality have a difficult enough task trying to satisfy all the citizens on routine issues pertaining to the day-to-day operation of a city.

Obviously there is no way that everyone can be satisfied. There will always be back-biting and criticism of most of the actions of a city council, planning commission or city manager.

We think we echo the sentiment of the majority of residents of our city in maintaining that all of us are striving, directly or indirectly, to make this a better community.

Most of us also recognize that the improvements that will be necessary will cost money.

We think this sampling of the feelings of the people through the survey conducted by the Parks and Recreation Commission has indicated that the people are willing to carry the necessary financial load to obtain the needed parks and recreation program.

We commend the commission for their efforts and sincerely hope that the same spirit of cooperation will prevail when the bond issue is presented.

That will be when the chips are down.

DOOR-TO-DOOR soliciting is a necessary evil. We go along with it to a point.

Our household makes a point of shelling out for worth while drives, provided there is dough in the piggy bank or some place else in our joint.

But one of our pet gripes are these unscheduled drives (and we use the term loosely) when youngsters are sent to the door for contributions.

We don't mean for those obvious needs such as Little League and the like in which the kids participate.

Our gripe concerns those questionable requests that supposedly are to help stamp out certain diseases or some such appeal. The kids are sent to the door strictly on the sympathy pitch.

-0-

MOST OF US are to kids, so we drop a two-bit piece into the container the kid holds up not knowing whether it is legitimate or not, and we don't bother to find out.

You don't want to be a bear about it, even if you don't like the idea.

Most of us are aware that solicitors are supposed to obtain permits from the city hall.

But how often have you ever asked the person at the door to show his permit? Especially the kids.

So we will continue the gripe.

"LAND OF THE FREE" is the title of a proposed 8th grade textbook that has created a great deal of controversy throughout the state.

This week we received a critical analysis of the book from Assemblyman Charles J. Conrad of Sherman Oaks in the Los Angeles area.

In the 4 1/2 page analysis we must admit Assemblyman Conrad has made a point or two that are worth delving into.

In fact our interest has been aroused to such a degree that we have asked School Superintendent Neal Royer to get us a copy of the book.

Assemblyman Conrad recognizes that the state curriculum commission has the responsibility for textbook adoption and that the book, written by John W. Caughey, John Hope Franklin and Ernest R. May, is "first class" so far as composition and appearance.

His quarrel is with its lack of balance.

-0-

HE CLAIMS whole periods of history are virtually ignored while whole pages are devoted to trivia.

Conrad also maintains that because the authors apparently disliked the philosophy of certain times in our history, they ignored those eras.

We don't want to become embroiled in any book-censorship hassle but the legislator has raised several points that have raised our eyebrows.

That's why we asked Neal to get the book for us.

We haven't done a book review for a long time.

# Council sets width for Hacienda

Hacienda Ave. between San Tomas Road and Harriet Ave. will be 90-feet in width, the City Council ruled Monday night. But the decision as to the width of San Tomas Road must wait for further study.

The action Monday night was the first step in the complicated thinking and planning involving which route in the San Tomas area should be the main drag: the old San Tomas Road or the Harriet/San Tomas Road plan.

The council needed to decide the Hacienda extension so that Topaz Builders, now in the process of building a shopping center at Hacienda and San Tomas, could install the proper improvements. Topaz also must know before the second phase of their development is started what the final width of San Tomas Road will be, the council learned.

In another action affecting streets, the council listened sympathetically to the plea of Fred Chez for a traffic signal light to be installed at Darryl and Hamilton when Darryl is completed and the shopping center is built.

Chez told the council that Alpha Beta Markets, a huge food chain, will locate in the center, provided a signal is installed to control the heavy traffic that is contemplated.

The council agreed that a signal would probably be necessary eventually and directed staff to check out the costs. Chez said that his firm, Chez and Grattan, would be willing to make a substantial financial contribution toward the signal.

Without any lost motion the council also on Monday passed the necessary resolutions that finally established the long pending local improvement district (No. 11) in the general area of Campbell, Union, Bascom and Apricot avenues. The engineer's plans were approved and bids for the job will be opened at the public hearing on July 25.

The council also approved the recommendation of the finance committee on insurance specifications for the city and called for bids from insurance carriers based on the specifications.

The city manager was also directed to interview qualified financial consulting firms and report on the comparative cost of a financial analysis of the city's ability to finance a major capital improvement program. This was also recommended of the finance committee.

Two ordinances were also adopted by the council. By a 4-1 vote, with Councilman Ed Rogers dissenting, an ordinance allowing pet clinics in C-1-S zone won approval and by an unanimous vote an ordinance specifying that coin-operated car washes must have an attendant always on duty was passed.

# Heat wave makes $$$

Three Campbell residents are not complaining too much about the heat wave that struck town on Monday, for it made them $175 richer.

Merchants in the Campbell Plaza for the second year in a row had offered three cash prizes to their customers who would come closest in their guesses to when the big thermometer on the First National Bank in the center would hit 100-degrees.

Last year there were no winners. The thermometer never reached that 100-degree mark.

But not so Monday. The mercury really took off.

First prize winner of $100 was Mrs. Wilma Hecker, 510 Sobrato, Campbell. Second prize of $50 went to H. W. Lansford, 139 Adler, Campbell and third prize, $25, to Mrs. Eleanor Billington, 466 Sobrato, Campbell.

salaries totalling $30,799. Of this amount, $7,246 would be used for new personnel, $528 for reclassification and the remaining $21,427 be used for salary adjustments, reclassifications and new personnel. Three additional employees (all in public works) are recommended by the city manager.

The budget as submitted by the city manager estimates an income for the next fiscal year of $1,891,634 and total proposed expenditures of $1,615,395, providing the city with an estimated unallocated surplus in all funds of June 30, 1967 of $276,239.

Stephens explained that the budget represents a decrease of $47,270 from that of the last year due to the discontinuance of a pay-as-you-go policy for purchase of land and capital improvements, an increase in street projects financed by gas tax funds and a reduction in storm drain projects.

Stephens told council members that his preliminary budget represents a financially sound and comprehensive plan for actions which will build a better Campbell.

However, he added that it can be described as a "minimum level of service" in order to improve the general fund unallocated reserve. He cautioned, however, that the "minimum" can not be continued in a growing city.

## It's the same sign but with new objections

That on-again, gone-again, up-again proposed sign for the American Auto Supply new quarters at Campbell and Harrison avenues, starts out on a brand new trail next Monday night at the Planning Commission meeting.

This time members of the Dodge-Vaughn family, owner of the building that formerly housed Clark's Drugs, are objecting to conditions levied when approval was granted, specifically relating to the joining of any improvement district in the future.

In a letter to the City Council, signed by Ethel Vaughn and Olva Dodge, the owners claimed that the agreement was "unsignable" in their opinion because it would force them "to pay any and all costs of the district without any right of approval at the time the costs are figured".

The owners said that they had not appealed before because they had not received the conditions in time from the second party involved.

Also on the agenda for the Planning Commission next Monday night are requests for approval of plans for (1) a "Dog House" restaurant at 1651 W. Campbell Ave., submitted by Paul D. Markling; (2) a warehouse and office at 1324 Dell Ave., submitted by Jack Craig; (3) expansion of La Fonda Restaurant at 2000 S. Bascom submitted by O.T. Martin; (4) wood sales yard at 1035 Dell Ave., submitted by Harry Kuhn; (5) and house-moving to property at 1050 Hazel as requested by George A. Raiche.

Four zone change hearings are also up to bat and a planned development plan for the Pruvich property will also be before the commission.

## Supervisor Mehrkens easily wins reelection in primary

Supervisor Ralph Mehrkens easily won reelection in the June 7 primary when he polled more votes than his two opponents combined.

Mehrkens has served as supervisor of the fourth district of which most of Campbell is a part since 1960. He garnered 21,953 votes followed by Santa Clara Mayor Robert Maynard with 12,554 and Henry Batis of Campbell with 945.

Bruce Allen, former assemblyman and Sidney Feinberg, a Palo Alto municipal judge, will meet in the general election in November as a result of being the two top men in a field of eight candidates for the vacancy on the superior court.

Feinberg led with 50,371 votes and Allen had 40,715. John Schatz was third with 24,485. The others were: Wesley E. Overson, 16,101; Daniel A. Hernandez, 15,239; J. Rainey Hancock, 1408 Hancock, 14,089, Wester Sweet, 11,600; William B. Somers, 5,320.

In another county contest, County Assessor Dwight Mathiesen defeated his challenger, Almin Barnes, a school teacher, by a 2-to-1 margin.

John Vasconcellos, a San Jose attorney, in the race for the Democratic nomination for the 24th district assembly seat, ran stronger than was expected and topped the runner-up, Larry Fargher, by 15,114 to 6,280 votes. There were five candidates seeking the nomination.

In a San Jose Municipal Court race Maurice H. Hardeman, convicted last year of conspiracy to commit arson and ousted from the bench, led a field of five in the race for judge. He polled 18,325 votes and was followed by Paul Teilh with 17,004 votes. Hardeman and Tielh will face each other in November.

The race for Republican nomination for governor was a nip and tuck affair in the county between Ronald Reagan and George Christopher with Reagan barely edging the former San Francisco mayor in the final tabulation, unlike the 2 to 1 margin for the state as a whole that Reagan piled up.

# WARRIOR WAYS

BY LYNDA WYCKOFF

WARRIOR'S REJOICE! Today is the last day of school, and the senior's are looking forward to Friday when they will don their caps and gowns to march down that aisle to the famous "Pomp and Circumstance". Congratulations all you Warriors!

This year has been an exciting and eventful one for all of Westmont's students. There was the night that Westmont battled Saratoga in football for the League Trophy, and won,-the day the Flag Girls won first place in the State of California, and the Thanksgiving Day Football Game.

There have been so many events of great importance that it would be impossible to list them all.

Warren Conrad, Westmont's principal has looked back on the year as a very good one for the Warriors and remembered all the fun and work that went into making this a great year.

He feels that "The Campbell Union High School District is one of the finest in the area, with one of the best curriculums". He says, "In order that we maintain our high standards it is vital to get the support of the community and parents". Also he wishes to make a personal request of the community.

"In order that the high schools in this area continue to rate tops in the state it is imperative that the School Bond Issue be passed in July. The young people, as the future of our great country deserve the best we as adults can provide.

Burl Fields, Westmont's Dean of Boys, added that he is ". . very pleased with the way the year turned out. I would personally like to thank the seniors who helped make it a successful year with all the good leadership and fine activities. They will be missed.

I think it is significant for a school to have made the achievements we have made after only two years. We have had many successes with our honor students. We have had successes in the field of athletics.

"Our students have showed by placement in colleges that this is a fine educational system. The educational desires of our young people are becoming more real every year. It is up to the community to maintain our high standards."

A special thanks goes to Mrs. Dorothy Shronk who has been Westmont's Dean of Girls. Mrs. Shronk will not be with us next year, as she is retiring. Our new Dean is familiar to many of us, as she taught P.E. at Campbell Grammar, and some of us who will be seniors remember Mrs. Grere. Welcome!

"About the school year as a whole," says Mrs. Shronk, "I feel that it has been a successful one. There have been many highlights throughout the year, for example, the Mother and Daughter fashion show. The Awards Banquet was also very nice.

"I think we are an average school. I am proud of the fact that there have been no rumors or proof of narcotics on our campus. This is a very responsible student body. The students rule well and we have had many good leaders.

The Campbell High School educational system is one of the best in the area. They have started and completed many fine projects."

At this time I would like to express my most sincere thanks to Mr. C. Warren Conrad for his help and leadership through the year as our principal.

Many thanks to Mr. Burl Fields who is an exceptional Dean of Boys, and a sincere thank you to Mrs. Dorothy Shronk who showed an unusual amount of interest in the student body and helped establish Westmont as a fine school.

Good luck and have a great and safe summer, all you Warriors!

TOP SWIMMER - John Shilling, 1115 El Solyo Ave., won two gold medals recently in competition in the Jr. Olympics Short Course Swimming Championships of the Pacific Association at Arden Hills Swim Club in Sacramento. John is a sixth grade student at Bohnett Elementary School and a member of the Santa Clara Swim Club.

In addition the new commissioner for next year was chosen. She is Jan Stockard. The outstanding senior girl was Beth Eyerman, who also had the highest total of points with 135.

Yearbooks were distributed on last Thursday, and the dedication went this year to Mrs. Joan Shahan of the English Department.

On Friday, June 10, the yearbook dance was held in the cafetorium. The theme of the dance was "It was a very good year", and the ticket to the dance was a yearbook.

Finals are next week, two 90 minute finals each day. Wednesday is the last day of school, and the students are free to leave after their last final.

In closing I would like to say that the school year of 1965-66 has been a truly good one, full of many achievements, and all the students at Blackford are to be contratulated. Lastly, a warm farewell to the graduating seniors from all of us at Blackford.

# Campbell Optimists sponsor second annual Go-Kart race

More than 250 Karters are waiting impatiently for the Grand Prix of Kart Racing. The event is the Optimist Second Annual Championship Kart Race to be held on Sunday, June 12, at Snow's Grand Prix off Capitol Expressway and Bayshore Freeway, San Jose.

This race is the largest, most challenging, as well as the most rewarding event of the year, with celebrities, clowns and hundreds of prizes for Karters and spectators.

Tim Considine, who was Mike on "My Three Sons", will be there along with a surprise disc jockey from San Francisco, many local disc jockeys and such well known names in Karting as Lee Willard (the "Silver Fox"), Gary Johnson, Gary Wisner, Gary Emmick, Bruce Owens from Los Gatos (all of which have been champions), and David Duncan.

Following the time trials on Saturday, the Campbell and South San Jose Optimist Clubs will have a spaghetti dinner for the Karters with entertainment by a great local group, the Camots.

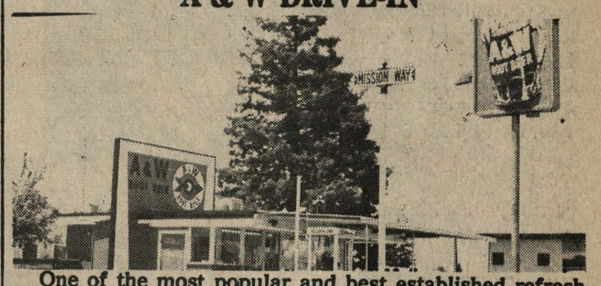
One of the most popular features of Hitchcock's is the sharpening and adjusting of lawn mowers which is done by precision methods.

We are pleased, therefore, to single out Mr. Hitchcock for the public tribute and to extend our best wishes for his Hitchcock's Garden Tool & Supply.

## A & W DRIVE-IN



One of the most popular and best established refreshment stands in the West Valley is the A & W Drive-In at 2145 S Winchester Blvd. Where owner-manager Floyd Little holds forth as the genial host. A gathering spot for a refreshing interlude after an evenings entertainment, as well as one of Campbell's most patronized luncheon stands, this A & W has become one of the more gregarious gathering places in the West Valley.

Nationally known A & W root beer combines with a franchised system of preparing hamburgers and hot dogs as well as other sandwich delicacies to attract the throngs of appreciative people who regularly visit the A & W Stand south of Campbell Avenue.

Floyd Little

Floyd M. Little should be congratulated upon the policies he has introduced at his A & W Drive-In. He is a genial man, an extremely considerate host and one of Campbell's most forward looking restaurateurs. We accord him our highest accolades and heartily endorse his A & W Drive-In.

## BEAUTY LOUNGE

Lutha Larson

It is every woman's desire, to say nothing of birthright, to look her best at all times, and no where in this area will one find beauticians better qualified to provide touches of feminine attractiveness than at Beauty Lounge.

Owner Lutha Larson has staffed her modern shop at 2167 South Winchester Blvd. with highly trained operators who are adept in all phases of cosmetology and maintain constant contact with the newest trends and fashions in hair styling. She realizes that each type of hair may require slightly different treatment, and her skilled operators will wave or shape the hair as best suits the individual.

An appointment for any type of beauty work can be made by dialing 378-9550 and thereby discover for yourself why so many discriminating Campbell women patronize Beauty Lounge. The shop is open Monday through Saturday from 9 a.m. to 5 p.m. and Thursday evenings by appointment.

Mrs. Larson has deservdly won favor among the women of Campbell both for her proficiency and the warmth and graciousness of her personality that makes a visit to Beauty Lounge such a pleasant experience.

## SHADY ACRES NURSING HOME

We regret that a recent article carried the wrong address for Shady Acres Nursing Home. The correct address of this modern attractive institution is 531 North Central Ave. just off Hamilton, where we hope it will remain under the competent direction of Mrs. Bessie Clements for many years.

## College board studies names for new campus in Santa Clara

At the last meeting of the board of trustees of West Valley College, the board took under advisement the proposal of its special screening committee on names for the proposed Santa Clara campus.

Five names out of more than 70 originally suggested were presented to the board by the committee in order of preference.

These include: 1). Mission campus, Mission City campus, or Mission Valley; 2). Catala; 3). Portola; 4). Westward; 5). Louis Pellier.

The committee also recommended strongly that the name West Valley College and the traditions, mascot, newspaper name, and other items connected with it at the present temporary Campbell campus, be retained and be designated as the name of either of the two additional campuses to be built.

The board heard a prepared statement from Trustee Jack Armstrong commending the administration for proposing a budget which includes a 15-cent decrease in taxes, as compared to other government agencies, all of which are asking tax increases.

In other matters, the board:

1). Heard a report from Dr. Hall that the Grand Jury committee on education and visited the college and had studied the college's vocational education program, in particular.

2). Authorized transmittal of a request for $5,000 to the United States Office of Education for library materials, under provisions of the Higher Education Act of 1965.

3). Authorized Dr. Hall to sign a lease with the new Santa Clara Unified School District for continued use of 13 classrooms at Buchser High School to "continue the highly successful program of offering classes in that area." A similar agreement is being consummated with the Union School District for classes at the Dartmouth School.

4). Heard reports from members of the Student Personnel Services staff on studies being undertaken on relationship of grades to the number of hours students work in outside jobs, the grades to the number of hours spent studying, and a district-wide study in both high schools and parochial schools on the number of students planning to attend college and what they hope to make their major fields of interest.

5). Approved claims totaling $609,734.78, including an interfund transfer of $600,000 from general funds to the special reserve fund.

6). Extended the lease agreement for use of faculty offices at 80 W. Rincon Ave., Campbell with Mrs. C. R. Regas through June 30, 1967.

7). Accepted the resignation of Mrs. Francis W. Thiessen as typist clerk I. who desires to continue her education in Southern California, and appointed Mrs. Georgia K. Owens, account clerk I to succeed Mrs. Joan Sarabia who resigned because of her intended move away from California.

# ON CAPITOL HILL

with "Charlie" Gubser

During the campaign of 1964, President Johnson said: "We don't want our American boys to do the fighting for Asian boys. We don't want...to get tied down in a land war."

At the time, there were approximately 20,000 American troops in Vietnam. In 12 months, the number had risen to 150,000 and today it stands at about 275,000. In 1961 only one American lost his life in Vietnam. The death toll jumped to 31 in 1962, 77 in '63, 142 in '64, and 1,365 in 1965.

The total of all Americans killed through 1965 was 1,616. But in the first 127 days of 1966 more Americans (1,618) were killed in Vietnam than in the five previous years. The truth is that we are committed to the land war in Asia which the President spoke against!

Though it may be using 20-20 hindsight, it is obvious that inept political and diplomatic conduct seriously prejudiced the military involvement into which we have been led.

For the expedient reason that while a war is going on the immediate need is for a government which can carry on everyday business, the Administration has virtually given unconditional support to every new South Vietnamese government.

This accounts for the all-out support of Marshal Ky and the unprecedented situation where an American President journeys to Honolulu to invest Ky with the full mantle of American prestige.

Such political decisions, while expedient, have ignored the realities of Vietnam's internal politics and the need of preparing for the election of a popularity based government.

They have resulted in the Buddhist uprisings against Ky and lowered effectiveness of Vietnamese soldiers. U.S. troops have had to fill the breach and accept increased casualties. So American boys are now "doing the fighting for the Asian boys."

Columnist Joseph Kraft summed up feelings in Vietnam this way: "...There is a widespread impression...that the United States is opposed to free elections...and that if it does accept elections, it is only to provide a fig leaf of legitimacy to the present military regime."

With such an attitude it is essential that Administration political experts show by word and deed that we do favor free elections and insist upon them.

The extent of our commitment in Vietnam is affecting our worldwide military resources. We now have 835,000 men stationed abroad and the strain is beginning to tell. So, renunciation of the firm commitments to the contrary, made last December to our NATO allies by the Johnson Administration, U.S. strength is being withdrawn from Europe.

It is now obvious that the suggestion I made to President Johnson on Feb. 14 is more valid and urgent than ever. A Free Asian conference must be called and the Asian nations under the Communist gun must decide for themselves if they truly want to resist Communist aggression. If they do, then they must help in the resistance. We cannot police the world alone!

# BUC BANTER

BY MARY KNOWLES ALLEN

At 11 this morning, Campbell High students were excused for the final time of the 1966 school year. Only the seniors and others who are participating in graduation exercises will return to the school.

Tomorrow morning the seniors will be at school at 8 to rehearse and will not return to the school until 4 Friday afternoon.

Campbell held its awards assembly and both juniors and seniors were honored.

Recipients of service pins were: Jim Chernoff, Wes Clark, Pat Furtado, Angel Grindon, Shirley Hagan, Greg Hegstrom, Lindsay Johnston, Randy Jones, Robert Kelly, Sandy Leishman, John Moxley, Michelle Murray, Dianne Rawlinson, Rich Salciccia, Ron Silva, Sondra Wheeler and Derek Woodhouse.

Wes Clark received the award in the fields of math and science, and Greg Lin, Rich Phillips, Paul Rosenberg and Greg Stewart were the junior winners of the Math Field Day held recently at San Jose State.

Winners of the Edwin Markham Poetry Contest were Angel Grindon and Ava Niebla.

National Merit Finalists were Wes Clark, Angel Grindon and Michelle Murray. Winner of the $200 given by the California Savings and Loan League was Dianne Rawlinson.

Other science and math awards were given to Ivan Andres, Wes Clark, Paul Rosenberg and Marc Thomas.

Winners of the Bank of America certificates were Ivan Andres, Joan Asay, Dennis Blakey, Robert Kelly, Robert Kirk, Eldora McCoul, Will Merriell, Shireen Mullenhour, Dianne Rawlinson, Maurine Shout and Ron Silva.

Wes Clark, Angel Grindon, Randy Jones and Michelle Murray were recipients of plaques for their participation in the Bank of America competition.

The winner of the Bausch and Lomb award in Science was Ivan Andres.

Art awards were given to Ann Brunkel, Gwen Davis, Brenda Johnson, Sharon Poisson and Kay Pruvich.

Awards in the field of French were given to Ave Neibla, Barbara Van Dyne, Joan Asay and David Juhl.

The Ralph Noddin award for sports was given to Gary Paske, who was recently accepted at West Point, and Sheri Arnold.

Roger Volk and Ed Northup were honored for their backstage work in the various school productions, and Charlene Munger and Derek Woodhouse were named Best Actress and Actor of the year respectively.

Band awards were given to Harvy Hanselman, Lindsay Johnston, Joe Shrock, Joyce Herrick and Vonnie Morris.

The awards for choir and orchestra were given to Val Bosler and Sharon Whistler respectively.

It has been a real pleasure to have tried to keep the people of Campbell informed about various school activities in the past school year. I sincerely hope that a tradition of high school correspondence with The Campbell Press will be carried on.

# Russian film at local church

"As I Go", a 30 minute color film shot partly behind the Iron Curtain, will be premiered at 7 p.m., Sunday, June 19 at First Christian Church, 1975 Pollard Road in Campbell. This showing will be one of a series throughout the nation, and is open to the public.

Bob Vernon, of the Vernon Brothers and Christian Television Mission, is the producer and narrator of the film.

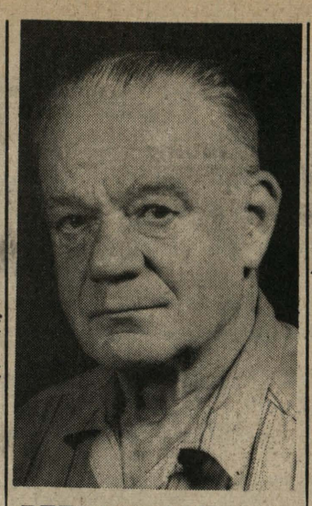
Vernon managed to film some excellent and rare science inside the Kremlin walls even though he was challenged at one point by one of the Soviet guards.

He also got shots at the Moscow University, an elementary and high school; the crowds at Lenin's Tomb, the Moscow airport, and inside the Museum of the Revolution.

One particular dramatic sequence in the picture shows some 2,500 peasant worshippers lifting up their voices in praise to God, during a worship service.

DRIVING TIP

If you need glasses for driving, make sure you wear them. With today's high speeds you can't afford not to have perfect vision when driving.



RETIRES--Albert F. Zimmer, 104 Victor Ave., is looking forward to retirement after 19 years as an electrician at San Jose State College. Zimmer, who is active in the Morning Light Lodge of IOOF, is planning a trip with his wife to Huntington Beach, Calif., to visit a daughter.

# Suspect held

Campbell police have arrested and booked John Joseph Keaney, 27, 1330 N. Bascom, San Jose, on burglary charges. Police officers were called early Sunday morning, June 12, to the Aloha Apartments, 1845 S. Bascom, Campbell, by the alleged victim, Robert Mark Brenner.

Brenner told police he was asleep on the living room couch when he was awakened and observed the suspect pilfering through his wallet which was taken from pant's pocket. He apprehended the suspect and called the police.

PUBLIC LAND

Of the 298 million acres of public land now devoted to outdoor recreation in this country, one-sixth is in Alaska.

# Campbell High School District awards scholarships to three

Three top students have been awarded special $250 Campbell Union High School District scholarships, Laurance J. Hill, district superintendent, announces.

Eldora Ann McCoul, 17, daughter of Mrs. Frank Dill, 5180 Loma Verde Drive, San Jose, a student at Campbell High School, received the Joseph Gomes Award, named for a long-time member of the District Board of Trustees.

She hopes to attend Pitzer College of Claremont, and major in mathematics, with an eventual teaching career.

Nancy Jo Parle, 17, daughter of Mr. and Mrs. Lewis J. Stommel, 19160 Brookview Drive, Saratoga, is the recipient of the H. E. Alfson Scholarship, named for a deceased former assistant superintendent of the district.

She is a student at Westmont High School, and hopes to attend the University of California at Santa Barbara, majoring in English and drama.

Winner of the Raymond Bishop Scholarship, also named for a former member of the Board of Trustees, is Gary Buchholz, 17, son of Mr. and Mrs. David Buchholz, 15308 Woodward Road, San Jose, a student at Camden High School.

Gary hopes to attend the University of California at Davis and major in mathematics.

Hill said that all three scholarships are awarded on the basis of general scholastic excellence and added that the judges had a hard time in making selections from an excellent crop of candidates -- probably the best we've ever had.

# Openings still available for YMCA day camp

Boys between the ages of six and nine can still sign up for one of the Southwest Branch YMCA's day camp programs, Gary Wayman, program secretary, has reported.

Openings are still available in all six sessions of the five-day outings to be held at Saratoga Springs in Saratoga, Wayman said.

Signup is conducted Monday through Saturday from 9 a.m. until 5 p.m. at the Southwest "Y" headquarters, 14790 S. Bascom Ave., Los Gatos. Each youth registering for a camp session receives a free YMCA T-shirt.

Camp activities include swimming, hiking, singing, nature study, handicrafts and an overnight campout on Thursday of each session.

The day camps are held Monday through Friday on the following dates: June 27-July 1; July 11-15; July 18-22; Aug. 1-5; Aug. 8-12; and Aug. 15-19.

Boys can obtain transportation from the "Y" by being at one of the central pickups each morning at 9 a.m. Trucks return them to these points each afternoon at 3:30.

A fee of $17.50 is charged with "Y" members receiving a discount.
